

Gold & Silver (Dirhan & Dinaar)

❖ Reality

- ❖ Present currency is based on Fiat Model
- ❖ Inflation of currency and devaluation is the order of the day
- ❖ We have enough Gold to back our currency, but the material benefit of it goes only to foreign corporations and some leftover bones to corrupt politicians, never reaching the Ummah
- ❖ Under the present world order, no matter how much we have, the Ummah will never succeed in reaping its benefits

❖ Future

- ❖ 41.5 million Oz / 1300 tons of gold deposit in Reko Diq
- ❖ 1 Dinaar = 4.25gms of Gold
- ❖ 3,06,00,000 Dinaars
- ❖ 6180 tons of Silver in Saindak
- ❖ 1 Dirham = 2.975gms of Silver
- ❖ 20,77,31,000 Dirhams
- ❖ Enough currency to circulate in Pakistan and Afghanistan
- ❖ All external transactions will be temporarily halted
- ❖ Existing rupees will be pegged to Dinar & Dirham with the value being backed by Gold and Silver. Rupees wont be printed anymore and only Dirham and Dinaar
- ❖ Existing Rupees will be exchanged with new Dirham & Dinaar
- ❖ Foreign currencies will be evaluated on the basis of gold held by them and trade permitted only in accordance with foreign policy.
