

Trade

❖ Reality

- ❖ Export based economy
- ❖ Pegged to \$\$ due to American Dominance
- ❖ Deficit is due to imbalance of import and export
- ❖ Export is not technology or finished products but of low value products
- ❖ Balance of \$\$ is due to remittance instead of trade
- ❖ Import of cosmetic commodities instead of heavy industrial items
- ❖ Outflow due to FDI corporates sucking our wealth
- ❖ Letting our enemy dictate trade terms instead of Pakistan First

❖ Future

- ❖ Nations will be designated as Enemy, Neutral and Friendly states
- ❖ All relations will be based on the above understanding
- ❖ Value of trading currency will be determined only by the gold and silver they physically hold
- ❖ Terms of trade will be reciprocal
- ❖ Use of Airways, Waterways and Land Corridor only to friendly lands and they will enjoy a favourable rates in comparison to unfriendly nationsw
- ❖ Exceptions to trade terms will be only in line with the foreign policy. Ex: Free Medicines, Training, Education etc
